

**TRANSFER OF MANAGEMENT PERSONNEL**

The District encourages management personnel to seek professional growth opportunities and recognizes the value of varied experiences. Therefore, management transfers within the District which benefit the District and the individual employee are encouraged. A transfer is a reassignment of job location within the same job title and salary.

Transfers of management personnel within the District may occur as a result of a request by either an individual staff member on his/her own behalf or by the Superintendent. The Superintendent may transfer management personnel when he/she concludes that such action is appropriate.
