

JOB POSTING: CLASSIFIED SERVICE

The District will provide an opportunity for employees to apply for permanent job vacancies. "Permanent" classified job vacancies of four or more hours per day will be advertised throughout the District by means of a "Notice of Classified Employment Opportunity" bulletin posted on District bulletin boards. Temporary, substitute, and openings for positions on temporary hourly pay schedule will not be posted.

The District reserves the right to advertise all positions deemed necessary to recruit the best employment candidates possible for job openings. Recruitment efforts typically include, but are not limited to, newspaper advertisements, college and university placement offices, and the State of California Employment Development Department.
