

REDUCTION IN STAFF: CLASSIFIED SERVICE

The Fullerton Joint Union High School District makes every effort consistent with efficient operation to provide continued employment for employees. Conditions may arise, however, such as, lack of work or lack of funds, which may make it necessary to reduce our work force. In the event a layoff is determined necessary by the Board of Trustees, classified employees shall be placed on layoff in accordance with the applicable sections of the Education Code, and the layoff of incumbents shall be made in inverse order of seniority of the classification in which layoff occurs.
