

STUDENT ACADEMIC GRADE CLASSIFICATION

The academic grade classification of a student indicates the student's progress toward meeting unit requirements for graduation, and students at risk of retention.

1. Each student's academic grade classification for the next school year shall be determined by the number of units of accomplishment as follows:

Ninth Grade - Satisfactory completion of course work amounting to fewer than 55 cumulative units.

Tenth Grade - Satisfactory completion of at least 55 cumulative units of course work.

Eleventh Grade - Satisfactory completion of at least 110 cumulative units of course work.

Twelfth Grade - Satisfactory completion of at least 160 cumulative units of course work. Students who complete at least 185 cumulative units of course work at the end of the seventh semester will be designated as twelfth grade students.

2. The annual academic grade classification of each student will be determined at the end of the summer after the previous academic school year.
3. Written notification will be provided to the parents or guardian of each student whose academic grade classification does not change as of the opening of school.
4. Notwithstanding the terms of this regulation, student participation in interscholastic athletics shall be governed by the Constitution and Bylaws of the California Interscholastic Federation.
