

METHODS OF OPERATION

The Board of Trustees has the power to establish its own procedures.

The Board shall concern itself primarily with broad questions of policy rather than with administrative function. The application of policies is an administrative task to be performed by the Superintendent and administrative staff, who shall be held responsible for the effective administration and supervision of the entire District operation.

All actions of the Board shall be taken only in official Board meetings called, scheduled, and conducted according to these bylaws and the statues of the state of California.
